### **TREASURER'S REPORT:**

We currently owe \$27,000 for past Capital Improvement projects. Potential costs of any future building improvement need to be reviewed.

Detailed reports are available

**Treasurer's Report Accepted**

### **COMMITTEE REPORTS**

#### **BUILDING**

George Asmus has called several times with no response from the contractor who installed carpet here. Many problems need to be resolved. Bills cannot be paid until they are. Vinny Ruiz will work to improve carpet around baseboard.

Vinny is getting estimated cost to increase storage area at hall. Plan would include creating opening between current warehouse and area where pool table was. Several ideas about storage areas were then discussed.

Dave Kelly has obtained a proposal for converting lights to LED.

#### **BINGO**

Bingo attendance has fallen, reducing income significantly.

#### **WEBSITE**

Vinny reported Council website is up and running.

Creating a Club website is being addressed.

#### **HALL RENTAL**

Don Bonato reported rentals are going well.

#### **FISH FRY**

Dan Walker has reviewed availability and cost of supplies at Restaurant Depot. Costs of several items have increased significantly. Group opinion is that rise in costs could be absorbed by increased price of items on menu. Price of such dinners at local restaurants is at least \$19.

Dinner dates were discussed. Most present at meeting agreed that having it on St Patrick's Day could reduce the potential number of customers coming here. Schedule will be determined.

Many work areas have workers scheduled. Dan explained a person is required to organize food prep days before and cooking during dinners. Fish Fry cannot be held if workers and procedures there are not determined.

#### **CARNIVAL**

Joe Nelly received approval for signing contract with Tufano Amusements for carnival August 8-12.
