## **COMMITTEE REPORTS**

### **BUILDING**

Viny Ruiz and Ron Candelora have discussed rental of kitchen and use of hall by Mary's Culinary Classes. They currently pay for two hours @ \$35 each. However, they use our facility for three.

Vinny said we need to discuss with them and agree upon appropriate charges. It was agreed that we should offer to them continued use of facility for three-hour sessions (4-7 pm), therefore increasing rental cost from \$70 to \$105. Ron proposed charging for use of the food warmer. All agreed that low electricity cost make doing so unnecessary.

Ron asked to discuss store room renovation. It would improve storing chairs and many other things. George Asmus recommended we explore costs first. Dave Kelley will research types of carts available to use for chair storage.

Ron explained some people have been interested in renting room but object to its condition.

Vinny recommended replacement of curtains and window shades. Discussion followed.

Vinny has been contacted by people to discuss their cleaning and setting up hall at a price to be determined. It was agreed he should contact them to review potential schedules and pay.
